Conflicts of Interest

Occasions may arise where We or one of Our associated Companies or product providers will have a potential conflict of interest with business being transacted for You. If this happens and We become aware that a potential conflict exists We will take steps to ensure fair treatment.

123 Home Insurance Policy

This is Your 123 Home Insurance Policy. **PLEASE READ IT CAREFULLY.** This Policy, together with the Schedule and any Endorsements contained on the Schedule, shall be considered as one document. Please keep the Schedule and the Policy together as these set out the details of the legal contract between You and Us.

The contract is based on the information that was given to Us in Your Statement of Fact when You applied for the insurance. This information is incorporated in and forms part of this contract. We confirm that We will insure You as per the terms set out in this Policy for those Sections which are shown on Your Schedule (i.e. the Sections You have insured) for any period for which You offer Us Your premium and We accept it. The Period of Insurance is shown on Your Schedule.

You must comply with all the conditions set out in the Policy.

Please check Your Schedule to find out which Sections You have insured and read them along with Your Policy. You should also pay particular attention to the Conditions and Exclusions set out on **Pages 59 to 68** as these apply to all Sections and also any Endorsements that appear on Your Schedule. Whilst Your 123 Home Insurance Policy insures You against a wide range of contingencies, it does not insure You against every possible loss, for example, it is not a maintenance contract, and if the only damage is due to wear, tear or deterioration there is no cover under Your Policy. If damage is caused by War Risks, Sonic Bangs, or Radioactive Contamination You should contact the appropriate Government Department or other Authority to recover Your loss as Your 123 Home Insurance Policy along with all other Household insurance policies does not insure You against these types of damage.

All monies which become or may become due under this Policy will in accordance with Section 93 of the Insurance Act 1936, as amended, be payable and paid in the Republic of Ireland in Euros unless We specifically say otherwise.

Premiums are subject to Government Levy and/or contribution where applicable.

Stamp Duty has been or will be paid in accordance with Section 5 of the Stamp Duties Consolidation Act 1999, as amended.

COOLING OFF PERIOD

Please read Your Policy thoroughly to make sure that it meets all Your requirements paying particular attention to Policy Definitions, Exclusions, Conditions and any Endorsements on Your Schedule. If it does not meet Your requirements, You can send it back to Us within 14 days of the commencement date of the cover and We will refund Your premium provided You have not made any claim during the 14 day period. Should You decide to return the Policy to Us, You will not be able to make a claim at a later date.

Governing Law and Jurisdiction

The parties to a contract of insurance covering a risk situated in the Republic of Ireland are

permitted to choose the law applicable to the contract. We propose that this insurance contract will be governed by Irish Law. The parties submit all their disputes arising out of or in connection with the interpretation of the Policy to the exclusive jurisdiction of the Courts of the Republic of Ireland without prejudice to Our comments on **Page 2** regarding the Financial Services and Pensions Ombudsman.

Communications between You and Us about this Policy will be in English.

The insurer that You have entered into a contract with is RSA Insurance Ireland DAC.

RSA is a registered business name of RSA Insurance Ireland DAC (the insurer).

The underwriter is RSA Insurance Ireland DAC which is part of Intact Financial Corporation. RSA Insurance Ireland DAC is regulated by the Central Bank of Ireland.

DUTY OF DISCLOSURE

You are under a duty to answer all the questions that have been asked, honestly and with reasonable care and attention. These questions are material in determining if We can accept this risk, what terms are applied and what premium is charged.

If You do not answer these questions honestly and with reasonable care and attention, We may use the remedies available to Us under the Consumer Insurance Contracts Act 2019 (and any subsequent amending legislation) including the remedy to cancel the contract, reject a claim or to limit the amount We pay in the event of a claim.

We are obliged to inform You that should We take any of these actions against You, You will be obliged to disclose this fact on any future request when seeking a quotation and / or cover. This is considered as the application of Terms and this enforced action by Us may affect Your ability to get insurance cover in the future. Failure to have property insurance in place could lead to a breach of the terms and conditions attaching to any loan secured on the property. You should check Your Statement of Fact, Your policy schedule and any other enclosures immediately and if any of the information is incorrect please contact Us on 01 518 1434.

Please note that you are obliged to notify Us immediately if any of the following occur:

- If the occupancy of the Property changes from what was last declared by You, for example: Your Main Private Dwelling becoming Unoccupied or becoming Your Residential Investment/Tenanted Property or a Holiday Home or if a Holiday Home has changed from family use only to being let during the Period of Insurance.
- If building work is to be done on Your Property which is not routine repair, maintenance or decoration for example: any structural alteration to the Property, extension of the Property or any works that require the Property to be vacated for any period of time.
- If You or any member of Your Household have been convicted of any offence or have any prosecutions pending other than for speeding or parking offences.
- If any part of Your Property will be used for trade, professional or business purposes or becomes a place of employment for any employee other than a domestic employee or a place where commercial goods are stored.

MAKING A CLAIM

“WHAT DO I DO IF MY PROPERTY IS LOST OR DAMAGED?”

Naturally We hope You won't have any accidents or misfortune, but if You do, the following advice might be useful:

- Take any emergency action which may be necessary to protect Your property from further damage e.g. switch off the gas, electricity and water. If You have to arrange for a contractor to carry out emergency work, please keep the repair details and invoices which We will need to see.
- Telephone Us for advice on Policy cover and how to proceed with Your claim. We would be pleased to hear from You.
- Check Your Policy wording carefully, to see if the loss or damage is covered. Your Policy lists the events (e.g. Storm or stealing) which are covered and not covered and also any general exclusions or conditions which apply to Your whole Policy. Your Schedule lists the Sections of the Policy that You have chosen along with any Endorsements applying.
- Remember that Your Policy is not a maintenance contract and does not cover any loss or damage caused by normal wear and tear - no insurance policy does.
- We have arranged a nationwide 24 hour 365 days a year Emergency Helpline Service. The 24 hour Helpline will provide You with a contact number for an expert to assist You with Your emergency. All of the contractors are independent and are not specifically approved by Us. Please also note that We will not be liable for any work they carry out. The Emergency Helpline will arrange for Our claims team to call You back on the next working day if requested by You. You can call the Helpline Service on 01-832 8757.
- Please do not dispose of damaged items before We have had the opportunity to inspect them or carry out any repairs apart from any emergency action You need to take.
- Report any incident involving loss, stealing, malicious damage or hit and run damage to the Gardaí or local law enforcement agency.
- If a claim is being made against You or any of Your Household for any injury or damage to property, You must send Us full details, in writing, immediately. Any letters or legal documents You receive should be sent to Us, unanswered, without delay. It is most important that You leave Us to deal with the matter on Your behalf and do not get involved in any correspondence or conversation with the other person, company or entity.

“HOW WILL RSA DEAL WITH MY CLAIM?”

Our aim is to deal with Your claim promptly, efficiently and fairly. At all times We will try to provide You with the highest standard of service. If You have any comment or complaint or if Our service has not met Your expectations please do let Us know.

Depending on the type of claim and value involved We may:

- Contact You by telephone, letter or email to progress Your claim.
- Arrange for one of Our claims team or loss adjusters to personally call on You.
- Appoint a loss adjuster to deal with Your claim on Our behalf.
- Appoint Our Managed Repair Network of Building Contractors to complete the works and We will take responsibility for the satisfactory completion of such works by them.

Please refer to the Claims Settlement paragraph at the end of each of the Sections for further details on how Your claim, where covered, will be settled.

INFLATION PROTECTION FOR THE BUILDINGS

Index Linking

This clause is not operative unless stated on Your Schedule

We continuously monitor a number of rebuilding indices and will adjust Your Buildings Sum Insured at Your Renewal using an index that We feel best protects You against inflation.

Where indexation applies to Your Policy, it will operate as follows:

- The index applied will be chosen by Us and will be outlined on Your Schedule showing the revised increased Buildings Sum Insured for the Period of Insurance.
- Your renewal premium will be calculated on the revised Sum Insured, when Your renewal is being prepared by Us.
- If the index falls, We will not adjust Your Sum Insured downward unless You ask Us to.

- Inflation protection only applies to the Buildings Sum Insured and does not apply to any other monetary amounts under the Policy.
- Inflation protection will continue to apply following loss or damage by any cause listed in this section for the duration the Buildings are being repaired or reinstated, provided You take all Reasonable steps to ensure that the reinstatement is carried out without delay.

Important points to note:

- The adjustments made by Us do not take account of the significant differences in Property rebuilding costs and may therefore not be sufficient for Your needs. We strongly advise that You do not rely on Our adjustments alone to ensure Your Buildings Sum Insured is adequate and recommend that You review Your Buildings Sum Insured using the Society of Chartered Surveyors guidelines at www.scsi.ie.
- It is Your responsibility to review Your Buildings Sum Insured and ensure it is adequate for Your needs.
- Under insurance applies to this Policy so where the Sum Insured is less than the full rebuilding cost at the time of the damage, We will pay only for the proportion of the damage the Sum Insured bears to such cost.

The cover in this Buildings Section only applies if shown on Your Schedule

HINTS & TIPS

FOR HOW MUCH SHOULD I INSURE MY CONTENTS?

Your Buildings Sum insured should represent the amount You would have to pay to rebuild Your Property again should there be a total loss. It is sometimes thought that this is the market value of the Property, however the market value generally has little relationship to the rebuild value. It is important to insure Your Property for the correct amount. For a good guide on how to calculate the rebuilding cost of Your Property visit www.scsi.ie (The Society of Chartered Surveyors Ireland). The costs of rebuilding are calculated on the basis of a total loss, i.e. the house has been totally destroyed and has to be demolished and totally rebuilt. In addition to demolition and reconstruction, the costs also should allow for Fees, Removal of Debris and Local Authority Requirements.

WHAT IS THE TYPICAL SIZE OF A HOUSE?

The table below sets out the typical sizes of various house types as recommended by the Society of Chartered Surveyors. Please note that this is a guide only.

HOUSE TYPE	NO OF BEDS	TYPICAL SIZE
Terraced	2	70sq Meters/753sq ft
	3	95sq Meters/1023sq ft
Semi Detached	3	95sq Meters/1023sq ft
	4	118sq Meters/1270sq ft
Detached	4	118sq Meters/1270sq ft
Detached Bungalow	4	146sq Meters/1572sq ft

FOR HOW MUCH SHOULD I INSURE MY CONTENTS?

Your Contents include all the items You would reasonably take with You if You were moving house. Your contents Sum insured is the total value of replacing all Your Contents as new should there be a total loss, for example in the event of a fire. To calculate Your Contents Sum insured You should add up the replacement cost of all Contents in each room of Your Property and its outbuildings.

TEN CHECKS FOR A TROUBLE-FREE WINTER

1. Guttering and Drains

Clearing out any leaves and debris that could cause a blockage ensures that rain and melting snow will be able to flow away from Your home.

2. The Roof and Exterior Walls

Check the roof from ground level for any potential problem signs like loose or missing tiles. Then examine exterior walls for cracked, loose or missing pointing or rendering. If You find any, have it repaired before water can get in.

3. The Boilers and Radiators

Bleeding radiators is one of the easiest ways to improve the efficiency of Your heating. It's also a good idea to have Your boiler serviced by a registered engineer to ensure it is ready for its busiest time of the year.

4. Chimneys

If You use any open or wood burning fire, then You should have the chimney and flues swept every year. This will clear the potentially dangerous build-up of soot and any obstructions that may have occurred over the warmer months.

5. Windows and Doors

Faulty seals around windows and doors allow warm air to escape and cold air to get in. Blocking these draughts can make a big difference, while using a draught excluder at the bottom of doors is also an effective measure.

6. Insulation

As heat rises it's a good idea to check the loft to see whether You need to add further insulation. Also, lagging pipes and water tanks will prevent heat escaping and reduce the risk of damaging ice forming.

7. Locks On Doors, Windows and Gates

Check all locks are secure and in good working order to prevent gates from swinging open and causing damage in blustery weather. Applying a drop of oil will help to stop hinges and bolts from seizing too.

8. Smoke And Carbon Monoxide Alarms

You should check all smoke and carbon monoxide alarms every six months to make sure they are functioning correctly and not low on battery power. It's a quick job that will give You lasting peace of mind.

9. Are You Well Stocked?

Most power cuts happen in winter. So, in the event of one occurring in the dark, having a torch, candles and matches in an easy-to-reach place will make it so much easier to manage.

10. Do You Have A List Of Useful Numbers In Case Of Emergency?

Having all Your useful numbers together in one place means You won't have to go looking for them in an emergency.
