01 Hello And Welcome To GloHealth

We are delighted that you have chosen GloHealth to look after your insurance needs. With us you can tailor your cover to what you actually need, and it is this personalised approach that makes us clearly different. We put our customers needs first and build each policy to suit you. We fit in with you, not the other way around.

We believe there's more to providing health insurance than only being there when you need us. So that's why GloHealth focuses just as much energy on keeping you healthy and improving your wellbeing.

The terms and conditions that apply to your cover are very important and we have written this as a guide to your cover and to show you how you can get the most from your benefits. It explains what your insurance policy covers you for and lists all of the different types of cover we provide.

This handbook will help you when you need to have a test or undergo treatment, when you need to make any type of claim or if you would like to understand more about your policy.

01 Hello And Welcome To GloHealth (Continued)

Making Your GloHealth Policy Clear And Easy To Understand

At GloHealth we aim to make understanding your health insurance as easy as possible.

To make your health cover easier to understand we have highlighted the medical and legal terms in **bold italics**. We have included a glossary on page 35 of this handbook so that you can clarify what these terms mean. Also, for the technical bits, we have added QR codes linked to short videos designed to demystify the detail even more. You will need to have a QR code reader installed on your phone, then you simply scan the code with your phone and it will bring you to a video online

Remember, if there's anything whatsoever you are unsure about, we're here to help. Just give us a call and our dedicated health insurance advisors will be more than happy to talk you through anything you'd like explained in more detail. You can contact us online via web chat at www.GloHealth.ie or call **1890 744 744**.

Understanding Your Contract

This **Membership Handbook** is the main document which outlines the contract between you and us and it includes important information about your membership, your **benefits** and the **terms and conditions** of your **policy**. In short, everything you need to know to get the most from your health insurance **policy**.

Your Contract With Us Is Made Up Of The Following:

- This **Membership Handbook**.
- Your **Membership Schedule** that you received when you joined GloHealth.
- The **Table of Benefits** outlining your level of cover.
- The **Schedule of Benefits for Professional Fees**. This document is available on request.
- The information provided to us when you joined GloHealth.

It is important that you read these documents so that you fully understand your cover. GloHealth's **Schedule of Benefits for Professional Fees** can be requested from us directly by calling **1890 744 744**. The schedule provides details of the various surgical and diagnostic **procedures** and medical illnesses that you are covered for under your **plan**. It also explains the amount that we will pay for **treatment** provided by a **consultant** and for surgical **out-patient treatment** provided by a **general practitioner**.

A full **list** of GloHealth's hospitals, scan and **treatment** centres is available for you to view at www.GloHealth.ie/members/documents . This **list** may change during the year so please check regularly.

Your Membership Card

Your **membership card** includes your **membership number** and the date on which you joined GloHealth. It is a good idea to carry this with you so you have it in case of emergency or to give the information on it to a medical practitioner. A **membership card** will be issued to all adult **members** when they first join.

Joining GloHealth - Important Information

To join GloHealth all members must permanently reside in the **Republic of Ireland**. Your GloHealth contract will last until your **renewal date**; you will find this on your **Membership Schedule**. As soon as we receive your first payment, you will be covered from your **plan** start date; this is subject to the **terms and conditions** of your **plan**.

Material Facts - Please read carefully

It is your responsibility to make sure that your membership details are complete and accurate and that you have let us know about all of the **material facts** which might have affected the terms under which we have offered you this **policy**.

A **material fact** is information which is communicated to us either verbally or in writing by you or a person appointed to speak or act on your behalf. The communication of a **material fact** is one which is so important, its disclosure would change the decision which we might make with respect to writing coverage and/or settling a **claim**. Misrepresentation of a **material fact** may void your health insurance **policy**.

The **terms and conditions** within this handbook are provided in English and all of our communications to you will also be in English.

Make Sure To Check Your Cover With Us Before Treatment

We recommend that you contact us as soon as you know that you need **in-patient** or **day case treatment** and we will be happy to check if your **treatment** is covered under your **plan**. We will also advise you whether all **hospital costs** will be met by your **plan** and give you details of any shortfalls or **excesses** that you may need to cover.

When checking your cover with us you will need to give details of the **procedure code** for the **treatment** you are having. All medical **procedures** carried out in Ireland are assigned an individual **procedure code** and any **in-patient** or **day case treatment** that you are receiving will have one of these. Your **consultant** or his/her secretary will be able to give this code to you. Just contact us with the name of your **consultant** and the code for the medical **procedure** and the name of the hospital the procedure is due to be carried out in and we will confirm if this is covered under your **plan**.

If you do not have cover to attend a particular hospital as an **in-patient** or **day case** patient, we will not be able to cover the costs of your accommodation or **treatment** in that hospital.

02 A Guide To Your Core Cover (Continued)

Core Cover: Hospital Benefits

What is Hospital Cover?

Hospital cover is the amount we pay for the bed that you are in while in hospital and includes cover for **in-patient treatments** and a wide range of **day case services**.

What is In-Patient Cover?

In-patient cover is the cover you receive for any **treatment** which requires you to stay overnight in hospital after being admitted, or for a **day case/side room procedure**.

What is Day Case Cover?

Day case cover is the cover you receive for any **treatment** which requires you to be admitted as a day patient but does not require an overnight stay.

In-Patient & Day Case Benefits

Please see the **Table of Benefits** which you received with this handbook for more details on your level of **in-patient** and **day case** cover and the GloHealth website for a full **list** of our hospitals and scan centres.

In-Patient Stress And Psychiatric Benefits

We offer access to **in-patient** stress and psychiatric **benefits**. Your **Table of Benefits** lists the **benefits** that are covered on your **plan**. The maximum number of days for which **benefits** are payable will include days used by you with another insurer.

Maximum Number Of Hospital Days Covered

The maximum number of hospital days for which **benefits** are payable within a calendar year (i.e. for the combined total of **in-patient treatment** stays and **day case treatments**) is 180 days, which also includes any days you used with another insurer. You should ask your hospital in advance what their charges are and whether you will have a shortfall based on the level of cover in your **plan**.

In-Patient And Day Case Scans

PET-CT, MRI and CT scans are covered if they are carried out while you are receiving **in-patient** or **day-case treatment** which is covered under your **plan**. For information about scan cover when you are not an **in-patient** please refer to page 8.

Benefit For Convalescence Cover

To aid you in your recovery we cover a wide range of **convalescent homes** around the country, all of which are registered with the Health Information and Quality Authority. Your stay must be considered **medically necessary** by your **consultant** and GloHealth and be in a **convalescent home** on our **list** of approved homes and must be immediately after a **medically necessary in-patient** stay in a hospital that is covered under your **plan**. You will find a full **list** of **convalescent homes** at www.GloHealth.ie/members/documents.

Consultant Fees

GloHealth provides cover for the fees of **consultants** who practice in the hospitals covered on your **plan**, which have to be paid on your behalf when a **procedure** or **treatment** listed on the **Schedule of Benefits** has been performed.

Note about Participating Consultants

Participating consultants are those who accept GloHealth payments in full settlement of their charges. If your **consultant** is not a **participating consultant** (also referred to as not-participating or part-participating consultants), we will pay the standard amount shown in your **Schedule of Benefits** and you may have to pay an additional amount directly to the **consultant**. Your **consultant** or **consultant's** secretary will tell you how much this is.

02 A Guide To Your Core Cover (Continued)

Ambulance Costs

We will cover the cost of an ambulance provided that an ambulance transfer is deemed to be **medically necessary**. You must be staying in a **semi-private** or **private bed** in one of GloHealth's approved hospitals and be going to one of GloHealth's approved hospitals or convalescent homes to avail of this benefit.

Cancer Support Benefit

We offer cover for accommodation costs when travelling to receive **in-patient** or **day case** chemotherapy or radiotherapy. If you have to travel over 50 kilometres each way from your home for **treatment** you qualify for this **benefit**. You will need to keep dated receipts to **claim** for this **benefit**. Your **Table of Benefits** will detail if your **plan** includes this cover.

Companion Expenses

If any adult **member** on your **policy** is required to have an overnight **in-patient** stay, you may want to have a companion as close by as possible. This benefit will give a contribution towards your companion's accommodation and transport costs while you are in hospital. To qualify for this **benefit** both companion and **member** must be on the same **policy** and have had an overnight **in-patient** stay. You will need to send us in proof of these stays, and valid receipts to **claim** this **benefit**. Your **Table of Benefits** will detail if your **plan** includes this cover and the level of cover provided. No **pooling** applies to this **benefit**.

In-Patient And Day Case Claims

To make life easier for you, we have a **direct payment arrangement** with a large number of hospitals and scan centres, which means that you do not have to pay for **in-patient**, **day case**, maternity and scan **treatments** for which you are covered. You simply have to fill out a **claim form** at the end of your stay and we'll take care of the rest. You will find details of what is covered on your **Table of Benefits**.

For the most up to date **list** of approved hospitals and **treatment** centres we have a **direct payment arrangement** with, please visit www.GloHealth.ie/members/documents or give us a call on **1890 744 744** and we'll be happy to check a specific hospital for you.

Depending on your level of cover outlined in your **Table of Benefits**, you may have to pay an **in-patient excess** or shortfall. An **excess** or shortfall is the amount that you will need to pay directly to the hospital towards your **treatment** and GloHealth will pay the rest. Please remember to check your level of cover contained in your **Table of Benefits** before having any **treatment** so that you are aware of any shortfalls or **excesses** that you will need to pay.

Some hospitals may not offer direct payment arrangements. If this is the case for the hospital that you are being treated in, you will need to complete one of GloHealth's **claim** forms and pay the bill directly with the hospital. **Claim** forms can be downloaded from our website at www.GloHealth.ie/members/documents.

In this case you will have to settle the **claim** directly with the hospital and get the treating hospital, doctor or **consultant** (as appropriate) to complete the form. Please make sure to send your completed **claim** form and all receipts to us when you are discharged from hospital.

Co-Payment For Certain Procedures

On some **plans** you will need to make a **co-payment** for certain **procedures** carried out in a **private** or **high-tech hospital**. This payment is made directly to the hospital. You can find out if this is the case by checking your **Table of Benefits** which you received with this handbook.

02 A Guide To Your Core Cover (Continued)

GloHealth's listed specified conditions can be found on www.GloHealth.ie/members/documents under Clinical Indicators. A clinical indicator is a medical reason for performing a particular *procedure* or test, for example the reason for your scan.

PET-CT Scans: Which Ones Are Covered?

GloHealth will cover you for PET-CT scans that are referred by your *consultant*, and that relate to diagnosis or investigation of a listed specified condition. PET-CTs will also require pre-authorisation by GloHealth which will be arranged by your *consultant*.

Cover For Scans In Non-Approved Scan Centres

GloHealth does provide a level of cover for scans in non-approved scan centres. Your level of cover is given on your *Table of Benefits*. If you choose to use an MRI, CT or PET-CT centre that is not listed we will contribute an amount towards your *treatment*. This *benefit* is subject to the *out-patient excess*, shown in your *Table of Benefits*. You will need to pay the scan centre directly, keep your receipt(s) and send them in to us to *claim* this *benefit*. All calls will remain fully confidential.

Out-Patient Claims

Important information about Out-Patient Claims

If you are making a **claim** for **out-patient benefits**, you will need to settle the bill directly with your healthcare provider first. You will need to keep all of your original receipts and send them to us so that we can reimburse you for all **treatment** covered under your policy.

Please check that all original receipts include:

- the full name of the **member** receiving **treatment**,
- the type of **treatment** received,
- the date the **treatment** was received,
- the signature of the treating **consultant** or healthcare provider.
- and the contact details of the hospital or **treatment** centre where you were treated.

How To Make An Out-Patient Claim

Out-patient expenses can be claimed either monthly or annually once all premiums due have been paid. You can **claim** your **out-patient** costs each month by sending your receipts to GloHealth at **PO Box 12218, Dublin 18**.

What Is An Out-Patient Excess?

An **out-patient excess** is the amount deducted from your **claim**. Your **out-patient excess** may vary depending on your plan. Your **excess** amount is detailed on your **Table of Benefits**.

Out-patient claims will be payable on a pro-rata basis. Pro-rata means that if you submit a **claim** after 3 months of cover $\frac{3}{12}$ s of the **benefit** will be paid to you once the **excess** has been met. If you are submitting your receipts at the end of your **policy year you must do so within 3 months of your policy renewal/end date**. If your receipts are not received within this 3 month period, your **claim** will not be paid. Unfortunately we are not able to return receipts after assessing your **claim** so we recommend that you keep copies of all your original receipts.

How do I calculate my out-patient claim?

Your **claim** is calculated as the sum of the allowable/eligible **benefit**, as outlined in your **Table of Benefits**, less the annual **policy excess**. The total of your eligible expenses must exceed the annual **policy excess** in order for **benefit** to be paid.

Tax Relief

Remember, you are also entitled to tax relief on your medical expenses. Don't forget to complete your MED1 form at www.revenue.ie to **claim** your additional tax relief.

How To Apply For Treatment Abroad

If you wish to apply to have your **treatment** abroad here are the steps you will need to take and all of the information you need to arrange your **treatment**.

Step 1

You must be referred by a participating consultant in Ireland.

Step 2

You will need written approval from GloHealth before the treatment.

Download our pre-approval **treatment** form from our website or call us on **1890 744 744** and we will be happy to discuss your options with you.

Step 3

You may need a report from your treating consultant overseas.

We may ask for a detailed report on your proposed surgical **treatment** from the **consultant** who will be carrying out the **treatment** overseas. This report will need to include a medical opinion from your **consultant** informing us:

- of the type of primary surgical **procedure** you require
- that the surgical **procedure** is **medically necessary**
- of the name and address of the medical facility where you are requesting that this **procedure** be performed
- of your medical prognosis after this surgical **procedure**.

Step 4

We will confirm if you are covered so that you don't have any surprises.

Once we have all the necessary documentation and information we require we will then decide whether to approve your request for **treatment** abroad. This will take at least 20 days from when you provide us with all of the information requested. We may refer to third parties (including GloHealth's **medical advisors**) before making this decision. Once approved, we will let you know the maximum amount that is payable by GloHealth for the **procedure**.

GloHealth will not contribute to the cost of getting a written medical opinion from your **consultant** or to any costs incurred in travelling abroad for **treatment** or travelling home following the **treatment**. GloHealth reserves the right to arrange the surgical

03 Personalised Packages (Continued)

procedure for you. This may mean that the surgical **procedure** will be carried out in a different **treatment** centre or in a different country and that it may be carried out by a medical practitioner other than the one requested by the **member** or the **member's consultant**.

When you are overseas you will need to pay the hospital/medical professionals directly. Make sure to keep all original receipts and send them in to us when you get home. You will then be able to **claim** for the amounts paid up to GloHealth's approved maximum contribution.

How Do I Make Changes To My Plan?

The named **policyholder** is the only person who can make changes to the **plan** unless the **policyholder** has given GloHealth the details in advance of another person who they would like to act on their behalf.

If you are part of a **group scheme**, the scheme administrator will have the authority to make changes to your **plan**. If any change occurs to your **plan** you will be notified directly.

If you would like to change your **plan**, you can contact us and we will update your **plan** as necessary. If the **plan** is a **group scheme** paid by your employer you will have to pay for any additional cover not agreed to by your employer. If you do change your **plan** a **supplementary exclusion period** for upgrade of cover may apply. (See page 30 for details).

As soon as we have received all the information we need about the change to your **plan** and you have paid the **premium**, we will send you confirmation of your changes and outline your new **plan** details. It is important to let us know when there are any changes to your personal information, such as a new address, name change or bank details, so that we can make sure we deliver the best possible customer service.

How Do I Renew My Plan?

To renew your membership at the end of your **policy year** all you have to do is continue paying your **premiums** and it will renew automatically.

The cover provided under the **plan** you have requested may change from time to time. If this happens, we will contact you at least one month in advance to let you know. Your **premium** payments will only change after renewal.

If you are paying by direct debit and you would like to continue your cover, you do not need to do anything. We will continue to collect your monthly payment from your bank at the then current rate.

If your **premium** is paid by your employer directly or by deduction from your salary, as long as they continue to pay your **premium** at the then current rate, your cover will continue.

Cancellation

Your health insurance is an annual contract. You can cancel your **policy** within the 14 day cooling off period at the start of your **policy year**. Your **Membership Schedule** shows the **start date** of your cover and also the date when your **policy** is due for renewal. If you do not wish to renew your **policy** on this date, please contact us on receipt of your renewal invitation to let us know.

GloHealth may cancel your cover if your payments do not remain up to date or in the event of fraud.

05 Your Plan Explained (continued)

In the event of cancellation, GloHealth may charge you the full amount of the annual government health insurance levy which under regulation GloHealth is liable for in respect of your **policy**.

Making Payments

To make sure that you are fully covered at all times you must pay your **premiums** in advance by your agreed payment method. Payments which do not meet with our conditions may not be accepted. If you choose to pay by direct debit, your first payment in any **policy year** may be slightly more or less than the subsequent payments as a result of rounding. If there is a change in your **premium** we will let you know in advance of your next **renewal date**. Late payment of your **premium** could result in the cancellation of your **policy** from the date your last payment covered you for.

Income Tax Relief

You are entitled to income tax relief on your **premium**. You will also get tax relief at source based on the Age Related Tax Relief set out annually by the Minister for Finance and Minister for Health. Our **premiums** are published both net and gross of the standard rate of tax.

Conditions Of Group Scheme Membership

If you are a **member** of a **group scheme** organised by and/or paid for by your employer your membership will be subject to certain conditions that you should bear in mind. The group has the power to act on your behalf and as such is entitled to effect and terminate the **policy** at any time by giving us the required notice or completing the required process. The group may also add or remove **members** to/from your **policy** or amend your level of cover at any time. It is the responsibility of the group to make sure that all of your **premiums** are up to date and paid on time. If a **claim** is received when payment has not been made to us for the period that **treatment** was provided, GloHealth will place your **claim** on hold until such time as payment has been received from your group.

It is the responsibility of the group to ensure that all necessary consents from **members** are obtained before the **policy** commences, which includes consent for the processing of personal data.

Waiting Periods

If you have any questions on **waiting periods** our dedicated health insurance advisors would be happy to go through any queries you might have. You can call us on **1890 744 744** or email HappytoHelp@GloHealth.ie.

Switching To GloHealth?

If you already have health insurance and are switching to GloHealth from another insurer that you have already served your **waiting periods** with, you will be covered right away at the same level of cover and absolutely no **waiting periods** will apply, as long as you switch within 13 weeks of the end of your previous **policy**. If you are still serving a **waiting period** with another insurer when switching to GloHealth your **waiting periods** will be carried over and will start from the **commencement date** of your previous **health insurance contract** as long as there has not been more than a 13 week break in cover.

New To Health Insurance?

If you have never had Irish health insurance before you are covered immediately for **accidents or injuries** with GloHealth. **Members** who have never had a **health insurance contract** before will need to serve an initial **waiting period** on joining and may also have to serve a pre-existing **waiting period**. How long depends on your age when joining. Full details of initial and **pre-existing waiting periods** are detailed later in this paragraph and under the section on **Exclusion Periods for Pre-existing Conditions**. Please note that previous foreign health insurance coverage is not taken into account for waiting periods.

Waiting Periods For In-Patient And Day Case Treatment

There are some situations where new GloHealth **members** will need to serve **waiting periods**; these are outlined below:

- If you have never had a **health insurance contract** before.
- If you are still subject to a **waiting period** with another health insurer, (waiting periods that you have already served will be transferred).
- If you have had a break in cover for more than 13 weeks, since ending your last **health insurance contract**. If you have had a break of more than 13 weeks between **health insurance contracts**, your application will be thought to be a new application for membership.

If any of the above situations applies to you the following **waiting periods** will apply:

- If you are under the age of 55 on the date of joining GloHealth you will need to wait 26 weeks before you are fully covered under your **plan benefits**.
- If you are between the ages of 55-64 on the date of joining GloHealth you will need to wait 52 weeks before you are fully covered under your **plan benefits**.
- If you are aged 65 and over on the date of joining GloHealth you will need to wait 104 weeks before you are fully covered under your **plan benefits**.
- For maternity or pregnancy **benefits** you must wait 52 weeks from the date of becoming a **member** before you can access these **benefits**.

Remember, you will automatically be covered for **medically necessary treatment** resulting from **accidents or injuries** that occur during your **waiting periods**.

05 Your Plan Explained (continued)

Exclusion Periods For Pre-Existing Conditions

There is an **exclusion period** for **pre-existing conditions** which applies to all **in-patient benefits**, **out-patient** scans and **Personalised Packages** offered under your **plan**.

If you have a **pre-existing condition**, as determined on medical advice, then the following **exclusion periods** will apply before you can make a **claim** which relates to that condition.

These “**exclusion**” **periods** begin from the date you first become insured under any **health insurance contract** and do not start again on joining a new insurance contract unless there has been a lapse in cover of more than 13 weeks.

The following **exclusion periods** will apply to any **pre-existing condition(s)** you may have:

- If you are under 55 on date of joining you will need to wait 5 years.
- If you are aged 55-59 on date of joining you will need to wait 7 years.
- If you are aged 60 or over on date of joining you will need to wait 10 years.

It is important to remember that a **pre-existing condition** may be present before giving rise to any symptoms or being diagnosed by a doctor; the applicable date is the date that the condition first started as determined by medical advice rather than when the patient first became aware of it.

Supplementary Exclusion Period Following An Upgrade Of Cover

If you would like to upgrade your cover, either with GloHealth or when switching to us from another insurer, you will be covered right away up to the same level you were covered on your previous **plan** as long as you have served your **waiting periods** and do not have a break in cover of more than 13 weeks.

The following **supplementary exclusion periods** will apply only to increases in your cover for pre-existing conditions:

- If you are under 65 you will need to wait 2 years.
- If you are aged 65 or over you will need to wait 5 years.
- For maternity/pregnancy-related **benefits** you will need to wait 1 year.

Waiting Period Rules For Personalised Packages

No initial **waiting periods** will apply to GloHealth's **Personalised Packages**. If you are upgrading your cover and have a **pre-existing condition** there will be a **waiting period** before you can access cover for **treatment** (including A&E, **treatment** abroad, repatriation and companion expenses). The time you will have to wait depends on your age when you joined.

- If you are under 65 you will need to wait 2 years.
- If you are aged 65 or over you will need to wait 5 years.
- For maternity/pregnancy-related **benefits** you will need to wait 1 year.

No **waiting periods** will apply to GloHealth **members** changing their **Personalised Packages** at renewal.

- We are unable to return any documents you send us so please make sure you keep copies of anything you will need to use later.
- It is solely at our discretion to decide to exercise or not to exercise any legal right. Failure to exercise our rights shall not prevent us from doing so in the future.

We Can End Your Membership At Any Time If:

- We do not receive premium payments, we reserve the right to cancel your health insurance **policy** where no **premium** payment has been received by its due date.
- In cases where we receive your **premium** payment by means of direct debit and in the event that a **premium** payment is rejected by your bank, membership may only be resumed if all sums owed in respect of your insurance **policy** are paid within 2 weeks from the date the first non-payment occurred, as long as there have not been any previous defaults on your **policy** in the same **policy year**.

Early cancellation of your health insurance **plan** will result in any eligible **out-patient claims**, made by you, being reimbursed on a pro-rata basis, up to the date of cancellation where a monetary amount greater than €10.00 exists to be refunded.

For example, over exaggerating medical expenses incurred.

Any **member** found guilty of submitting a fraudulent **claim** shall have their **health insurance contract** suspended with immediate effect until such time as a decision is deliberated upon as to the outcome of the case. All **claims** of whatever nature being considered regarding that individual **member** shall be suspended with immediate effect.
